**RE: MAYOR'S VETO OF COUNCIL ORDINANCE 6PHS&FO 120496
TO GIVE NEWARK JOBS TO NON-NEWARK RESIDENTS**

ATTENTION: ROBERT P. MARASCO, CITY CLERK

Dear Council President Bradley:

On July 1, 1994, we took an Oath of Office to serve the citizens of Newark who voted us into office. As Newark elected officials, all of our action should be in the best interest of Newark citizens. It is Newark citizens who vote for us, and as tax payers, who pay our salaries.

The Members of the Newark Municipal Council should also be aware of the fact that the citizens of Newark in 1976, by referendum, voted in a residency requirement for Newark employees.

I, therefore, unequivocally veto the proposed ordinance sponsored by the Honorable Council Members Rice, Crump, Chaneyfield and others, to give lucrative Newark jobs paying \$73,462.00, a \$60,000 range, a \$50,000 range, a \$40,000 range, a \$30,000 range and others to out of towners by granting them a waiver from having to live in Newark.

I am also mindful of the fact that several Newark Council Members have personal aides who do not live in the City of Newark.

Nevertheless, as Mayor for the City of Newark and out of respect for all Newark citizens, I will veto this ordinance in the best interest of Newark citizens and tax payers who should be given first priority in hiring for Newark jobs. Why should the citizens of Newark be called upon by Newark elected officials to pay the mortgages, rents, tuitions, car notes, insurance and bills for those who do not live in Newark and cannot vote for them?

If Newark is a nice place to "make a buck," then they should live in Newark as the current law demands. Where were the members of the Newark Municipal Council when over 3,000 Newark citizens lined up around City Hall in the rain in the "Newark Job Fair" line seeking employment? whereas this ordinance led by Council Members Rice, Crump and Chaneyfield would take job opportunities away from them and grant them to out of towners, it makes no sense. It's an insult to every Newark voter who placed their trust in their elected officials.

Moreover, the proposed residency waiver ordinance if passed, will place the city in the middle of costly personal liability suits by those who obeyed the law and did move back to Newark. They will sue for damages encompassing relocation expenses, broken lease penalties, new insurance payments and other related debts.

The city will also be exposed to legal suits from those who left because of our residency law and will now demand their jobs back, citing that they too fall under the Council's waiver. How about those who presently have fraudulent Newark addresses that we are investigating. If this ordinance is passed, they too will come out of hiding and claim immunity from having to live in Newark because of this ordinance.

Thus, the action of the Newark City Council places the city in harm's way. It's a no win situation for the citizens and city of Newark. This ordinance must be rejected.

Of course, we recognize the indisputable fact that the Mayor and Council by law of the State Supreme Court and statutory needs had to grant some waivers.

Yet, the Honorable Members of the "Newark Municipal Council cannot hide behind some very necessary waivers as an excuse" (two wrongs do not make a right) to give away all of Newark jobs to their staff, friends, financial supporters and campaign army. These \$73,462.00, \$60,000, \$50,000, \$40,000, \$30,000 and other jobs can be filled by competent Newark citizens.

We can improve the quality of life in Newark by granting jobs to Newark citizens, who in turn will spend much of their money in Newark, which in turn will stimulate the local economic viability of our city. A more employed community will reduce incidents of crime and drug abuse. A more employed community will generate a more positive image of Newark.

In summary, we should support those who live in our city. To take their vote and then pass legislation which is harmful to them and their community, is a clear act of hypocrisy. We should not be giving special treatment to those who live outside of Newark over Newark citizens.

I, therefore, stand behind my veto of this anti-Newark citizen waiver ordinance. A vote for Newark citizens who elected you will be to vote "no" to override my very necessary veto of this ordinance in safeguarding jobs for Newarkers and to spare the city from a costly liability suit over this irresponsible legislation of the Newark Municipal Council legislation.

I respect and love the citizens of Newark. I owe nothing to those who live outside the City of Newark. I am not being held hostage.

Please vote NO!

Respectfully yours,

**Sharpe James
Mayor**

FROM: MICHELLE HOLLAR-GREGORY

RE: ORDINANCE AMENDING ORDINANCE REGARDING
POLICE DIRECTOR/POWERS AND DUTIES
8G 110696 AND 6FN 111896

Attached please find the above-referenced Ordinance which is being returned as I am unable to sign same as to form and legality on the basis of the facts set forth. I have reviewed the Ordinance regarding the proposed amendment to the Ordinance establishing the powers and duties of the Police Director. Initially, it is apparent from a reading of the proposed amendment that it is so vague as to render it unenforceable and, therefore, unconstitutional.

Furthermore, under N.J.S.A. 40A:11-118, the governing body may, by ordinance, establish a police force and must, once it has established the police force, designate the line of authority relating to the police function and for the adoption and promulgation by the "appropriate authority" of rules and regulations for the government of the force and "for the discipline of its members". It is clear from a reading of this statute that once the governing body (i.e. Municipal Council) establishes by ordinance a police force and provides for the line of authority by designating the individual who will be the "appropriate authority" (i.e. Police Director), it is the duty and responsibility of the "appropriate authority" to establish rules and regulations relating to the "government" of the police force and the discipline of its members.

Only when the municipal ordinance identifies the appropriate authority can valid rules and regulations be adopted and promulgated by the appropriate authority. Therefore, it is not within the authority of the Municipal Council by Ordinance to promulgate rules relating to the discipline of police officers. The ability to do that has been preempted by the statute cited above.

This shall serve as a follow-up to my conversation with Councilman Rice who sponsored this Ordinance and as a formal opinion of this office. I remain available to discuss this matter. By copy of this memo, I am directing JoAnne Watson, of my office, to discuss any proposed changes or revisions that Councilman Rice may want to discuss.

Council President Donald Bradley
Newark Municipal Council
City Hall - Room 304
920 Broad Street
Newark, NJ 07102

Dear Council President Bradley:

After reviewing the Municipal Council's Resolution to decrease Water Rates by 5.6% and Sewer Rates by 6.3%, I strongly urge the Municipal Council to consider not adopting the ordinance because of its negative impact on the citizens of Newark.

The establishment of water and sewer rates recommended in my Proposed 1996 Budget were designed in conformity with the recommendations contained in the Rate Study prepared by Samuel Klein & Co. and David M. Griffith in accordance with the attached resolution (TRCBR(AS)050692) and contract (Exhibit 1).

As you are aware, Water rates were held at \$15.13 per thousand (1,000) cubic feet for the years 1991 thru 1993. In 1994, the water rate was decreased to \$14.37 which still remains in effect today. We were able to maintain these rates in spite of a modest increase of 5% by North Jersey District Water Supply Commission. It is important to note that the City of Newark has the lowest water rate in Essex County (Exhibit 2) as can be seen in the attached chart. After reviewing this document, I'm sure you will agree that the Administration has taken a pro-active business approach to the utilization of fund balance which is in the best interest of our citizens.

The Sewer Rate was \$13.51 per 1,000 cubic feet in 1991; however, due to a \$10 Million increase to the City of Newark by Passaic Valley Sewerage Commission in 1992, the rate took a drastic increase to \$16.89 per 1,000 cubic feet. During the following year, P.V.S.C. slightly reduced their charges to the City of Newark. Our citizens benefited from this reduction through a rate reduction to \$15.15. In 1994, there was a further sewer rate reduction to \$14.40 which is still in effect.

Prior to August 1994, Water was the only existing Utility. In August 1994, the Sewer Utility was created; until that time, all sewer collections were a part of the City's General Fund. Therefore, when the Sewer Utility was created, there was zero fund balance. By the end of 1995, we planned and accumulated a \$576,000.00 unrestricted fund balance. Although sewer revenue fell short of budgeted

anticipations; self-liquidation status was achieved through cancellation of unspent appropriations which resulted in a \$1.3 Million excess in operations. Also attached is a Summary of Fund Balance for the Sewer Utility since its inception (Exhibit 3).

There are several critical factors which should be considered prior to mandating total utilization of all fund balance for both the Water and Sewer Utilities, transferring costs to the Current Fund, and/or reducing revenues to the Current Fund to decrease the rates:

1. It is required that the Water and Sewer Utilities be self-liquidating. In other words, their revenues must support their expenditures including 110% of debt service. The usage of all the Fund Balance puts considerable pressure on the ability of these utilities to remain self-liquidating and in fact leaves no room for any shortfalls. If either utility fails to be self-liquidating, the outstanding debt of that utility becomes part of the debt of the City for purposes of computing the City's debt limit. Therefore, it may jeopardize the City's ability to fund necessary capital projects. If the total outstanding debt of the utilities were to become a part of the net debt of the City, we would be above our debt limit by \$28.5 million. In addition, if the Utilities fail to remain self-liquidating, it is a violation of bond covenant and according to the covenant the City must immediately adjust its rates to make up the deficiency.
2. In terms of potential future costs, Passaic Valley Sewerage Commission has applied to the New Jersey Wastewater Trust Fund for \$265 million in capital financing. This includes an interest free loan of \$132 million and bond issuance for the other half. Attached please find projected amortization schedules (Exhibit 4) for the repayment of these funds. As can be seen from these schedules, a financing of this magnitude by P.V.S.C. would add \$5.4 million to Newark's share by 1999. Any of the alleged savings by the new sludge management plans would be totally obliterated by these additional costs. There is currently ongoing litigation surrounding the contract (Exhibit 5) for the new sludge management plan of P.V.S.C. and the impact upon the City, if any, is unknown at this time. The additional debt service costs for P.V.S.C. must be considered in conjunction with the outstanding debt of the Sewer Utility and those related debt service costs. We have attached another schedule (Exhibit 6) which illustrates the existing amortization schedules for the Sewer Utility. The last schedule combines the City of Newark's Sewer Utility future debt service costs with those of the projected P.V.S.C. debt service costs. These costs alone will exert considerable pressure on the sewer rate in the immediate future.
3. The Passaic Valley sewerage charges to the City are charged quarterly up front and due the first week of February. The City is penalized at a rate of 18% if the payment is one day late. In early February, the total quarterly amount due to P.V.S.C. has not yet been billed and collected from the customers. In addition, we must pay P.V.S.C. its entire amount due whether or not we have collected same from our customers. This required practice causes cash flow problems within the sewer utility and reduces investment income.
4. Tax exempt users will not pay any increase in taxes related to movement of costs to the Current budget from the Water and Sewer budgets or the reduced revenue to the Current Budget from the Water and Sewer budgets. The full effect of any related tax increase will

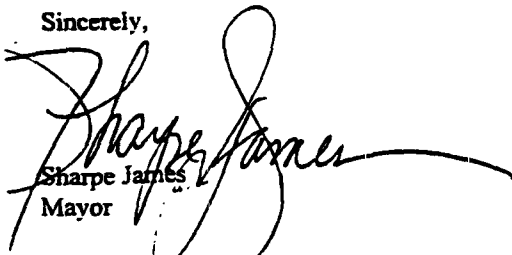

January 8, 1997

fall completely on taxable properties with tax exempt properties recovering full benefit of decrease in water and/or sewer rates. Approximately 1/3 of the total assessment would be paying 100% of the tax increase. Consequently, the increase in the taxes may be far greater than the decreases in the water and sewer bills for taxable property owners.

5. **Current rates were stabilized through the use of Fund Balance.** If there was no Fund Balance available for the 1995 Budget, the water rate would be \$14.96 instead of \$14.37 and the Sewer Rate would be \$14.63 instead of \$14.40. This would have meant increases of 4% and 2% respectively in these rates for 1995. Without Fund Balance in the 1996 projections, the Water Rate would be 15.78, a 10% increase, and the Sewer Rate would be 15.41, a 7% increase over 1994. These figures illustrate the importance of maintaining a stable Fund Balance.
6. **The utilization of water and sewer fund balance for the years 1991 through 1995 has been consistent with sound and prudent business practice.** It is preferable to retain a small percentage of Fund Balance to guard against unexpected financial setbacks and to utilize Fund Balance in a rational matter. For your review, please find attached a summary of the Fund Balance (Exhibit 7) and it's utilization for the years 1992 through 1995. This chart illustrates that relatively high amounts of Water Fund Balance were appropriated over the last several years for non-reoccurring purposes - the settlement of legal cases and the purchase of new meters. The use of Fund Balance for operating purpose must be carefully monitored to insure that the Fund Balance can be regenerated to prevent any unusual spikes in the rates.
7. **The current rate projections do not take into account the eventual solution to remedying the combined sewer problem.** The costs to solve that problem are astronomical and must be addressed in the very near future. A study is currently being conducted to determine and plan for these costs.

I'm sure it is not the objective of the Municipal Council to create an additional burden on our citizens. However, the passage of this Ordinance will have a detrimental financial impact on them and particularly those seniors who are on fixed income. The impending Ordinance will also seriously hamper the operation of the Water and Sewer Utilities and have damaging effects on the City. I respectfully request that the Municipal Council deny passage of this proposed Ordinance.

Sincerely,

Sharpe James
Mayor

RE: **ORDINANCE AMENDING ORDINANCE REGARDING
POLICE DIRECTOR/POWERS AND DUTIES
8G 110696 AND 6FN 111896**

Attached please find the above-referenced Ordinance which is being returned as I am unable to sign same as to form and legality on the basis of the facts set forth. I have reviewed the Ordinance regarding the proposed amendment to the Ordinance establishing the powers and duties of the Police Director. Initially, it is apparent from a reading of the proposed amendment that it is so vague as to render it unenforceable and, therefore, unconstitutional.

Furthermore, under N.J.S.A. 40A:11-118, the governing body may, by ordinance, establish a police force and must, once it has established the police force, designate the line of authority relating to the police function and for the adoption and promulgation by the "appropriate authority" of rules and regulations for the government of the force and "for the discipline of its members". It is clear from a reading of this statute that once the governing body (i.e. Municipal Council) establishes by ordinance a police force and provides for the line of authority by designating the individual who will be the "appropriate authority" (i.e. Police Director), it is the duty and responsibility of the "appropriate authority" to establish rules and regulations relating to the "government" of the police force and the discipline of its members.

Only when the municipal ordinance identifies the appropriate authority can valid rules and regulations be adopted and promulgated by the **appropriate authority**. Therefore, it is not within the authority of the Municipal Council by Ordinance to promulgate rules relating to the discipline of police officers. The ability to do that has been preempted by the statute cited above.

January 8, 1997

This shall serve as a follow-up to my conversation with Councilman Rice who sponsored this Ordinance and as a formal opinion of this office. I remain available to discuss this matter. By copy of this memo, I am directing JoAnne Watson, of my office, to discuss any proposed changes or revisions that Councilman Rice may want to discuss.

(Residency Requirements)'?"

The City Clerk read the following veto message from Mayor Sharpe James:

SHARPE JAMES
MAYOR
NEWARK, NEW JERSEY
07102

December 12, 1996

**Hon. Donald Bradley, Council President
Newark Municipal Council
City Hall, 920 Broad Street
Newark, New Jersey 07102**

**RE: MAYOR'S VETO OF COUNCIL ORDINANCE 6PHS&FO 120496
TO GIVE NEWARK JOBS TO NON-NEWARK RESIDENTS**

ATTENTION: ROBERT P. MARASCO, CITY CLERK

Dear Council President Bradley:

On July 1, 1994, we took an Oath of Office to serve the citizens of Newark who voted us into office. As Newark elected officials, all of our action should be in the best interest of Newark citizens. It is Newark citizens who vote for us, and as tax payers, who pay our salaries.

The Members of the Newark Municipal Council should also be aware of the fact that the citizens of Newark in 1976, by referendum, voted in a residency requirement for Newark employees.

I, therefore, unequivocally veto the proposed ordinance sponsored by the Honorable Council Members Rice, Crump, Chaneyfield and others, to give lucrative Newark jobs paying \$73,462.00, a \$60,000 range, a \$50,000 range, a \$40,000 range, a \$30,000 range and others to out of towners by granting them a waiver from having to live in Newark.

I am also mindful of the fact that several Newark Council Members have personal aides who do not live in the City of Newark.

Nevertheless, as Mayor for the City of Newark and out of respect for all Newark citizens, I will veto this ordinance in the best interest of Newark citizens and tax payers who should be given first priority in hiring for Newark jobs. Why should the citizens of Newark be called upon by Newark elected officials to pay the mortgages, rents, tuitions, car notes, insurance and bills for those who do not live in Newark and cannot vote for them?

If Newark is a nice place to "make a buck," then they should live in Newark as the current law demands. Where were the members of the Newark Municipal Council when over 3,000 Newark citizens lined up around City Hall in the rain in the "Newark Job Fair" line seeking employment? whereas this ordinance led by Council Members Rice, Crump and Chaneyfield would take job opportunities away from them and grant them to out of towners, it makes no sense. It's an insult to every Newark voter who placed their trust in their elected officials.

Moreover, the proposed residency waiver ordinance if passed, will place the city in the middle of costly personal liability suits by those who obeyed the law and did move back to Newark. They will sue for damages encompassing relocation expenses, broken lease penalties, new insurance payments and other related debts.

The city will also be exposed to legal suits from those who left because of our residency law and will now demand their jobs back, citing that they too fall under the Council's waiver. How about those who presently have fraudulent Newark addresses that we are investigating. If this ordinance is passed, they too will come out of hiding and claim immunity from having to live in Newark because of this ordinance.

Thus, the action of the Newark City Council places the city in harm's way. It's a no win situation for the citizens and city of Newark. This ordinance must be rejected.

Of course, we recognize the indisputable fact that the Mayor and Council by law of the State Supreme Court and statutory needs had to grant some waivers.

Yet, the Honorable Members of the "Newark Municipal Council cannot hide behind some very necessary waivers as an excuse" (two wrongs do not make a right) to give away all of Newark jobs to their staff, friends, financial supporters and campaign army. These \$73,462.00, \$60,000, \$50,000, \$40,000, \$30,000 and other jobs can be filled by competent Newark citizens.

We can improve the quality of life in Newark by granting jobs to Newark citizens, who in turn will spend much of their money in Newark, which in turn will stimulate the local economic viability of our city. A more employed community will reduce incidents of crime and drug abuse. A more employed community will generate a more positive image of Newark.

In summary, we should support those who live in our city. To take their vote and then pass legislation which is harmful to them and their community, is a clear act of hypocrisy. We should not be giving special treatment to those who live outside of Newark over Newark citizens.

I, therefore, stand behind my veto of this anti-Newark citizen waiver ordinance. A vote for Newark citizens who elected you will be to vote "no" to override my very necessary veto of this ordinance in safeguarding jobs for Newarkers and to spare the city from a costly liability suit over this irresponsible legislation of the Newark Municipal Council legislation.

I respect and love the citizens of Newark. I owe nothing to those who live outside the City of Newark. I am not being held hostage.

Please vote NO!

Respectfully yours,

Shane James
Mayor

MEMORANDUM

TO: ROBERT P. MARASCO

FROM: MICHELLE HOLLAR-GREGORY
CORPORATION COUNSEL

RE: **ORDINANCE AMENDING ORDINANCE REGARDING
POLICE DIRECTOR/POWERS AND DUTIES
8G 110696 AND 6FN 111896**

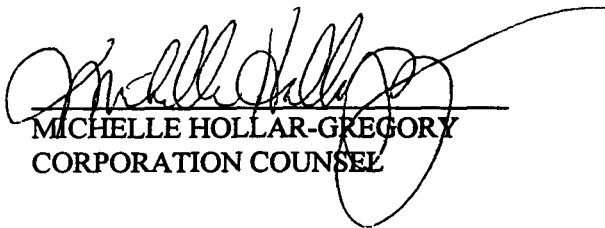

Attached please find the above-referenced Ordinance which is being returned as I am unable to sign same as to form and legality on the basis of the facts set forth. I have reviewed the Ordinance regarding the proposed amendment to the Ordinance establishing the powers and duties of the Police Director. Initially, it is apparent from a reading of the proposed amendment that it is so vague as to render it unenforceable and, therefore, unconstitutional.

Furthermore, under N.J.S.A. 40A:11-118, the governing body may, by ordinance, establish a police force and must, once it has established the police force, designate the line of authority relating to the police function and for the adoption and promulgation by the "appropriate authority" of rules and regulations for the government of the force and "for the discipline of its members". It is clear from a reading of this statute that once the governing body (i.e. Municipal Council) establishes by ordinance a police force and provides for the line of authority by designating the individual who will be the "appropriate authority" (i.e. Police Director), it is the duty and responsibility of the "appropriate authority" to establish rules and regulations relating to the "government" of the police force and the discipline of its members.

January 22, 1997

Only when the municipal ordinance identifies the appropriate authority can valid rules and regulations be adopted and promulgated by the **appropriate authority**. Therefore, it is not within the authority of the Municipal Council by Ordinance to promulgate rules relating to the discipline of police officers. The ability to do that has been preempted by the statute cited above.

This shall serve as a follow-up to my conversation with Councilman Rice who sponsored this Ordinance and as a formal opinion of this office. I remain available to discuss this matter. By copy of this memo, I am directing JoAnne Watson, of my office, to discuss any proposed changes or revisions that Councilman Rice may want to discuss.

FROM: MICHELLE HOLLAR-GREGORY
CORPORATION COUNSEL

RE: **ORDINANCE AMENDING ORDINANCE REGARDING
POLICE DIRECTOR/POWERS AND DUTIES
8G 110696 AND 6FN 111896**

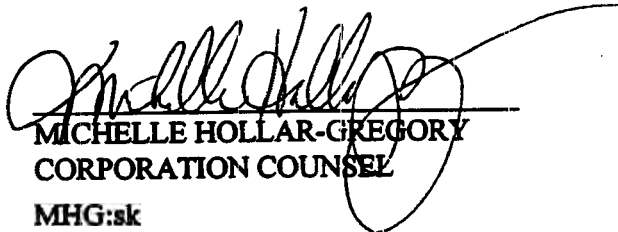

Attached please find the above-referenced Ordinance which is being returned as I am unable to sign same as to form and legality on the basis of the facts set forth. I have reviewed the Ordinance regarding the proposed amendment to the Ordinance establishing the powers and duties of the Police Director. Initially, it is apparent from a reading of the proposed amendment that it is so vague as to render it unenforceable and, therefore, unconstitutional.

February 5, 1997

Furthermore, under N.J.S.A. 40A:11-118, the governing body may, by ordinance, establish a police force and must, once it has established the police force, designate the line of authority relating to the police function and for the adoption and promulgation by the "appropriate authority" of rules and regulations for the government of the force and "for the discipline of its members". It is clear from a reading of this statute that once the governing body (i.e. Municipal Council) establishes by ordinance a police force and provides for the line of authority by designating the individual who will be the "appropriate authority" (i.e. Police Director), it is the duty and responsibility of the "appropriate authority" to establish rules and regulations relating to the "government" of the police force and the discipline of its members.

Only when the municipal ordinance identifies the appropriate authority can valid rules and regulations be adopted and promulgated by the **appropriate authority**. Therefore, it is not within the authority of the Municipal Council by Ordinance to promulgate rules relating to the discipline of police officers. The ability to do that has been preempted by the statute cited above.

This shall serve as a follow-up to my conversation with Councilman Rice who sponsored this Ordinance and as a formal opinion of this office. I remain available to discuss this matter. By copy of this memo, I am directing JoAnne Watson, of my office, to discuss any proposed changes or revisions that Councilman Rice may want to discuss.

POLICE DIRECTOR/POWERS AND DUTIES
8G 110696 AND 6FN 111896

Attached please find the above-referenced Ordinance which is being returned as I am unable to sign same as to form and legality on the basis of the facts set forth. I have reviewed the Ordinance regarding the proposed amendment to the Ordinance establishing the powers and duties of the Police Director. Initially, it is apparent from a reading of the proposed amendment that it is so vague as to render it unenforceable and, therefore, unconstitutional.

Furthermore, under N.J.S.A. 40A:11-118, the governing body may, by ordinance, establish a police force and must, once it has established the police force, designate the line of authority relating to the police function and for the adoption and promulgation by the "appropriate authority" of rules and regulations for the government of the force and "for the discipline of its members". It is clear from a reading of this statute that once the governing body (i.e. Municipal Council) establishes by ordinance a police force and provides for the line of authority by designating the individual who will be the "appropriate authority" (i.e. Police Director), it is the duty and responsibility of the "appropriate authority" to establish rules and regulations relating to the "government" of the police force and the discipline of its members.

Only when the municipal ordinance identifies the appropriate authority can valid rules and regulations be adopted and promulgated by the **appropriate authority**. Therefore, it is not within the authority of the Municipal Council by Ordinance to promulgate rules relating to the discipline of police officers. The ability to do that has been preempted by the statute cited above.

This shall serve as a follow-up to my conversation with Councilman Rice who sponsored this Ordinance and as a formal opinion of this office. I remain available to discuss this matter. By copy of this memo, I am directing JoAnne Watson, of my office, to discuss any proposed changes or revisions that Councilman Rice may want to discuss.

All as shown on a drawing entitled "Proposed Easement, New Jersey Institute of Technology, Conduit Run Along Lock Street, situated in City of Newark, Essex County, New Jersey", dated September 10, 1996, and prepared by Thomas F. MEMORANDUM

DATE: DECEMBER 9, 1996

TO: ROBERT P. MARASCO
CITY CLERK

FROM: MICHELLE HOLLAR-GREGORY
CORPORATION COUNSEL

RE: ORDINANCE AMENDING ORDINANCE REGARDING
POLICE DIRECTOR/POWERS AND DUTIES
8G 110696 AND 6FN 111896

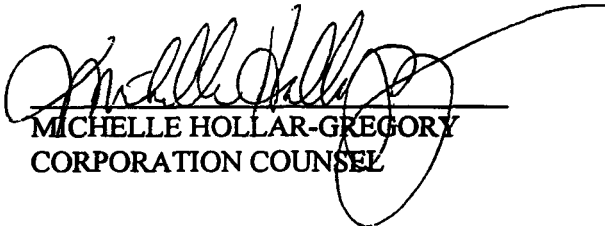

Attached please find the above-referenced Ordinance which is being returned as I am unable to sign same as to form and legality on the basis of the facts set forth. I have reviewed the Ordinance regarding the proposed amendment to the Ordinance establishing the powers and duties of the Police Director. Initially, it is apparent from a reading of the proposed amendment that it is so vague as to render it unenforceable and, therefore, unconstitutional.

Furthermore, under N.J.S.A. 40A:11-118, the governing body may, by ordinance, establish a police force and must, once it has established the police force, designate the line of authority relating to the police function and for the adoption and promulgation by the "appropriate authority" of rules and regulations for the government of the force and "for the discipline of its members". It is clear from a reading of this statute that once the governing body (i.e. Municipal Council) establishes by ordinance a police force and provides for the line of authority by designating the individual who will be the "appropriate authority" (i.e. Police Director), it is the duty and responsibility of the "appropriate authority" to establish rules and regulations relating to the "government" of the police force and the discipline of its members.

February 19, 1997

Only when the municipal ordinance identifies the appropriate authority can valid rules and regulations be adopted and promulgated by the **appropriate authority**. Therefore, it is not within the authority of the Municipal Council by Ordinance to promulgate rules relating to the discipline of police officers. The ability to do that has been preempted by the statute cited above.

This shall serve as a follow-up to my conversation with Councilman Rice who sponsored this Ordinance and as a formal opinion of this office. I remain available to discuss this matter. By copy of this memo, I am directing JoAnne Watson, of my office, to discuss any proposed changes or revisions that Councilman Rice may want to discuss.

MICHELLE HOLLAR-GREGORY

MEMORANDUM

DATE: DECEMBER 9, 1996

TO: ROBERT P. MARASCO
CITY CLERK

FROM: MICHELLE HOLLAR-GREGORY
CORPORATION COUNSEL

RE: **ORDINANCE AMENDING ORDINANCE REGARDING
POLICE DIRECTOR/POWERS AND DUTIES
8G 110696 AND 6FN 111896**

Attached please find the above-referenced Ordinance which is being returned as I am unable to sign same as to form and legality on the basis of the facts set forth. I have reviewed the Ordinance regarding the proposed amendment to the Ordinance establishing the powers and duties of the Police Director. Initially, it is apparent from a reading of the proposed amendment that it is so vague as to render it unenforceable and, therefore, unconstitutional.

Furthermore, under N.J.S.A. 40A:11-118, the governing body may, by ordinance, establish a police force and must, once it has established the police force, designate the line of authority relating to the police function and for the adoption and promulgation by the "appropriate authority" of rules and regulations for the government of the force and "for the discipline of its members". It is clear from a reading of this statute that once the governing body (i.e. Municipal Council) establishes by ordinance a police force and provides for the line of authority by designating the individual who will be the "appropriate authority" (i.e. Police Director), it is the duty and responsibility of the "appropriate authority" to establish rules and regulations relating to the "government" of the police force and the discipline of its members.

March 5, 1997

Only when the municipal ordinance identifies the appropriate authority can valid rules and regulations be adopted and promulgated by the **appropriate authority**. Therefore, it is not within the authority of the Municipal Council by Ordinance to promulgate rules relating to the discipline of police officers. The ability to do that has been preempted by the statute cited above.

This shall serve as a follow-up to my conversation with Councilman Rice who sponsored this Ordinance and as a formal opinion of this office. I remain available to discuss this matter. By copy of this memo, I am directing JoAnne Watson, of my office, to discuss any proposed changes or revisions that Councilman Rice may want to discuss.

MICHELLE HOLLAR-GREGORY
CORPORATION COUNSEL

Dear Councilman Tucker:

Thank you for your letter of April 24, 1997 concerning the remarks of Mr. Richard V. Avant at the Municipal Council public hearing session of April 16, 1997.

In this regard I have reviewed my files and the following is a response to your inquiry:

1. 143-145 Pomona Avenue, Block 3698, Lot 65

Permit #958450 issued on 10/19/95 for an "Existing Finished Basement". Mr. Kenya Dunham, Sr. Assistant Assessor inspected the premises as a result of this permit on 2/26/96 and added \$300. in assessed value for the improvement (see attached report). This increase in value resulted in a tax increase of \$68.55 for the year 1997 (1996 tax rate was used for this computation). Please find attached history of the assessment.

2. 22 Norman Road, Block 4260, Lot 33

As evidenced by the attached history the assessment on this property has remained the same at \$13,600.

Unless the Tax Assessor's Office is notified by way of a permit, report of fire, notice of demolition etc., that would necessitate a change in assessed value to occur we do not visit the site.

I trust the above information satisfies your inquiry and alleviates the implied allegations of improprieties by this office.

If you need any further assistance please do not hesitate to contact me.

Very truly yours,

Evelyn E. Laccitiello
Tax Assessor

RE: RESPONSE TO CITIZEN'S ALLEGATIONS
(RICHARD V. AVANT - APRIL 16, 1997)

Dear Councilman Tucker:

We have received and reviewed your correspondence of April 24, 1997, as well as the verbatim transcript of statements made by Mr. Richard V. Avant at the Municipal Council meeting of April 16, 1997.

On page three of the transcript, Mr. Avant alleges, "Later, my daughter and son-in-law, both employed by Court Clerks in Newark Municipal Court were both transferred on the same day from their court room assignments to lesser duties."

May 21, 1997

Please be advised that the rotation of Court Administrator, Patricia Avant-Jackson and Court Administrator, Clarence Jackson was absolutely, categorically unrelated to any allegations made by Mr. Richard Avant. The rotation of court administrators and deputy court administrators from the court bench to the criminal office unit is a regular occurrence, intended to assure that staff have a full ability to perform all tasks. All court administrators and deputy court administrators were rotated at the end of 1996.

Attached please find a memorandum from Court Director, Robert Strand to the Deputy Court Director and Chief Court Administrator directing the rotation.

Please be advised Ms. Avant-Jackson and Mr. Jackson are considered to be very capable employees. The rotation of these employees would not be punitive in any way. Indeed, Ms. Avant-Jackson's assignment to the CJP desk is considered a rotation to greater responsibility.

The Newark Municipal Court cannot, by state law and court rule, participate in any political enterprise. Mr. Richard Avant is absolutely incorrect in alleging or asserting that this court would in any way be involved in his contentions with Municipal Council.

Please advise if additional information is required.

Sincerely,

Robert M. Strand
Municipal Court Director
